

Redbrook Hayes Community Primary School Pupil Premium : Family Learning Project

What is the Family Learning Project?

A creative approach to engaging families in their child's learning; which empowers parents and increases their confidence in their ability to contribute to their children's education. An opportunity to: participate in innovative and enjoyable activities together; develop new skills and increase their understanding of learning outdoors.

Project:

- 6 weekly afternoon sessions (1:15 – 3:00)
- Delivered by a member of Redbrook Hayes staff
- Resources will be provided
- Childcare funded (if appropriate)
- Feedback will be requested at the start and end of each individual project
- A range of activities will be delivered

Impact:

- Projects will lead to enhanced home-school links which will improve outcomes for all Pupil Premium learners – evidence attendance for PP learners will improve; reading engagement will increase and more parents will attend learning sessions.
- Through projects aimed primarily at fathers, opportunities will open up for men to become more involved in their child's learning journey – evidence parental feedback
- Created more opportunities for parents' own skills and knowledge to be recognised and utilised – increased amount of parents in school
- Increase parents' confidence in their ability to contribute to their children's education – evidence collated from parental feedback
- Increased links with the community – evidence community involvement
- Promoted health and wellbeing through healthy eating projects; physical activities – link to attendance.
